U.S. EPA Receives Letter of Intent to Apply for the Star Lake Canal Site Technical Assistance Grant

Port Arthur, Texas ❖ October 12, 1999

The U.S. Environmental Protection Agency (EPA) Region 6 has received a letter of intent to apply for the Technical Assistance Grant (TAG) for the Star Lake Canal site in Port Arthur, Texas. The TAG can be used to hire a technical advisor to interpret site studies and reports for area residents.

By law, only one grant of up to \$50,000 may be awarded to a citizens' group at any one site. In order to ensure that recipient groups represent all community views, EPA encourages all citizens' groups interested in applying for a TAG at this site to consolidate and file a joint application. Groups that wish to join for the purposes of this grant must, by November 12, 1999, notify:

Ms. Edna Gonzales
Southeast Texas Procter Street Center, Inc.
3046 Procter St.
Port Arthur, Texas 77642
409-983-2019

Groups wishing to file a separate grant application must submit to EPA a letter of intent to file an application no later than December 13, 1999. All grant applications must be filed with EPA by December 13, 1999. Groups that require additional time to file an application may submit a written request for an extension to EPA for consideration.

Letters of intent to apply for a TAG for the Star Lake Canal site should be sent to:

Beverly Negri, TAG Coordinator
U.S. EPA (6SF-PO)
1445 Ross Avenue
Dallas, TX 75202-2733
214-665-8157 or 1-800-533-3508

9216315
